

## Trommater Intro

### *Trommater rhymes with Barometer*

Our special guest today is not your ordinary miracle worker. Dan Trommater has spent more than 15 years as a speaker, facilitator and professional magician. He applies his skills and insights to helping teams boost their performance by challenging their assumptions and shifting their perspectives.

Dan is a repeat performer at the Magic Castle in Hollywood, California - the most prestigious magic venue in the world. In fact, he and his wife were actually married at the private club in 2005.

Since then, Dan's work has shifted away from pure entertainment and he now presents keynote addresses and workshops on communication, teamwork and leadership for organizations across North America. In addition to his work with teams, Dan is a two-time TEDx speaker.

On a personal note, Dan was raised on a 400 acre cherry farm in rural Michigan and he recently became a Canadian citizen.

In his spare time, Dan thrives by working with his hands, creating gifts for his friends and family. He's an amateur luthier, knife-maker and axe restorer.

Today, he'll change the way you see your world.

Please help me welcome... Dan Trommater
